PROJECTS

Bloom
http://bloomcommunity.site/

Rails | Device | Cloudinary | PG search

A web application on which doctors can post rare patient cases and look for help. Other doctors, from different regions/countries, can communicate and contribute to find the solution together.

The P party
https://the-p-party.herokuapp.com/

Rails | Pundit | Cloudinary | Geocoder | PG search

A clone website of AirBnB. Users can book party themes; as well as, list their own party equipment for rent on the website.

Cocktail mix
https://cocktail-party-v.herokuapp.com/

Rails

A web application. Users could create their own cocktail mix online.
